

FACT SHEET: 2026 Accident Benefits Reforms - What Ontario Drivers Need to Know

What are Statutory Accident Benefits?

Statutory Accident Benefits (SABs) can provide financial support if you are injured in an auto accident. These benefits can be available regardless of who caused the accident and can cover things like medical treatment, rehabilitation and income if you can't work because of your injuries.

What's changing?

Starting July 1, 2026, Ontario drivers will have more choice and control over their coverage. While certain essential benefits will remain mandatory, many others will be optional and can be selected or removed when purchasing or renewing your policy.

If you're an existing customer, your policy will renew with the same coverage and limits, unless you agree with your insurer in writing to decline the benefits or make changes to them. However, who is covered under your policy for newly optional benefits will change on July 1, 2026, regardless of renewal effective date. Before making changes, check if your personal or work benefits already provide similar coverage.

Customers who are purchasing or renewing a policy on or after July 1, 2026, can choose which optional accident benefits they would like to purchase.

Essential accident benefits coverage remains

Standard medical, rehabilitation and attendant care benefits will continue to be included in all auto insurance policies. These benefits are available regardless of who caused the accident. They cover medical expenses, therapy, and personal care assistance for injuries from an accident including doctor visits, physiotherapy, and help with daily activities like bathing and dressing.
